

# THEATRE ARTS COLONY

1725 WASHINGTON STREET

During the coming season the Theatre Arts Colony offers the following program of events for your enjoyment. (~~Insert information on enclosed card.~~)

Subscription books are now on sale at the office, 1725 Washington Street. The price of a book covering any ten events on the above list is \$5.00. Books are transferable and may also be used for one guest at each event.

A program of this scope will, of course, require support by the community. It will make possible San Francisco's becoming as fine a theatre center as exists anywhere in the United States, enable the group to make necessary additions of equipment to their already attractive building, and the bringing under one roof of some of the finest teachers available in the Theatre Arts. Support of the coming year's program by the people of cultural discernment and appreciation through subscription to the enclosed series will be deeply appreciated.

Kindly ask for further information at our office.
